EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Huppert on March 5, 2004.

The application has been amended as follows:

Canceled claims 39-48.

The following is an examiner's statement of reasons for allowance: The primary reason allowance is that no prior art of record discloses or renders obvious a process for transportation of a flow of fluid hydrocarbon containing water wherein the fluid hydrocarbon is introduced into a reactor wherein the hydrocarbon is mixed with a stream containing particles of gas hydrates acting as a hydrophilic agent to produce an effluent which is cooled and passed into a separator to produce a first stream that free water present therein attains the form of gas hydrates which is then recycled back to the reactor and a second stream which is passed to pipeline for transportation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
